Concealers

nc concealers

The things you do before you apply your foundation can make a big difference to your finished look and how long it wears. Nutrimetics lightweight, creamy concealers nourish your skin while you wear them and conceal under eye dark circles and imperfections.

Liquid Smoothing Cover Concealer (2.5ml)

Disguise eye circles with the nc Liquid Cover Smoothing Concealer. This ultra-light formula uses colour-correcting minerals to neutralise the appearance of dark, sallow circles to leave eye areas looking naturally light, bright and refreshed.

£16.95 rrp

Colour Corrector Mint (2.5ml)

A clever corrector that disguises redness and then disappears under foundation. Our harsh environment often results in broken capillaries and high colour, which is effortlessly concealed with this Beauty Lab Innovation. Apply sparingly to areas of high colour and follow with foundation.

£16.95 rrp

Nails

Hardener Top/Base Coat

Hardener Top/Base Coat Enriched with Bamboo Extract to help strengthen nails when used as a treatment or base coat. Use over nail lacquer to help give longevity to nail colour.

“

The new cosmetic range is just fabulous. The colours available are fantastic – there really is something for everyone! The eye shadows and blushers are great to work with and are so silky they glide on effortlessly while the lipsticks are very moisturising. My clients are loving them and I've had nothing but positive feedback!

Foundations

The Perfect Canvas

Like true beauty, it's what's on the inside that make nc foundations special. Each foundation is formulated using the very latest technology to ensure high performance. Natural ingredients deliver benefits akin to skincare nourishing the skin whilst wearing them. Natural colour pigments mean nc foundation shades blend beautifully with most skin tones, while the smooth, creamy formulas deliver a naturally flawless finish every time. .
